No, it's overdue. We had a contractor draft it (kind of a new thing EPA is trying out) and it turns out it's taking the contractor longer to do it than us! I'll definitely let you know when we get it. I plan on distributing the draft for review.

Hi Jennifer,

Have you received the draft CIP for review yet? I wouldn't want to miss it...

Andrew Ross and Kara Edewaard, City and County of Denver

Subject: VB/I-70 Community Interviews

Hi there. We are conducting community interviews to update the community involvement plan and the 2019 five year review for the VB/I-70 site. You probably saw my email sent out to all of the stakeholders about this a couple weeks ago. We are meeting with most of those who responded to us this week. I've attached a schedule. If you want to participate in any or all of these, please let me know. I apologize for the late notice!

Thanks,

-jc
